

CORESHIELD 3.0 CS22-7518B

CUT-RESISTANT GLOVES

CoreShield 3.0 gloves are lightweight, fiberglass-free, silicone free, antistatic, touchscreen capable and food certified

INDUSTRIES

- Automotive industry
- Mechanical and plant engineering
- Metal processing
- Warehousing and logistics
- Production
- Construction
- Transport

APPLICATIONS

- Paint shop and surface inspection
- Chassis assembly
- Assembly and disassembly
- Maintenance
- Fastening components and parts

We engineered the CoreShield 3.0 Gloves using advanced technologies and unique features.

Having the right gloves for the right applications is crucial to providing your workers with the optimum available protection.

ATTRIBUTE	DESCRIPTION / VALUES
Article No.	CS22-7518B
Name	CoreShield 3.0 CS22-7518B
Material	Recycled polyester, PE fibre, steel fiber, Spandex, nitrile foam
Description	Seamless liner, knit wrist, Nitrile Foam Coating, thumb reinforcement, color coding
Sizes	6 -11
Gauge	18
Dexterity	5
Color	Black liner with black coating
Washable	Yes (5 cycles)
Food certified	Yes
Antistatic	Yes
Touchscreen	Yes
Packing	10 pairs packed in Bellyband, 10 Bellybands per case
PPE category	Category II
Certifications	EN ISO 21420, EN388: 4X42B, AASTM D3389, ASTM 2992, FDA 21CFR177.2600, Food Contact Regulation (EC) No. 1935/2004, EN 16350
