

G-Tek® X-Treme

15 Gauge Seamless Knit X-Treme Glove with Nitrile Foam Coated on Palm, Fingers & Knuckles.

- R-Espir Coating Technology™ : COMFORTABLE AND BREATHABLE - Our gloves are designed with breathability and comfort in mind. Extended breathability works in conjunction with the Sanitized® hygiene function to prolong freshness, protection and outstanding wearer comfort even after over heavily extended uses. It was designed and developed to enhance comfort by eliminating heat build up inside a glove : Enables 360°full hand breathability.
- X-TEND Wear Technology™ : DURABLE FOR LONG LIFE USE - Integrates high abrasion resistance and great comfortability into one pair of gloves. Level 4 Abrasion resistance.
- F-LEX Feel Technology™ : SOFT, THIN & DEXTEROUS - With the lightweight liner and Microfoam coating technology, the glove is extremely thin, providing unrivalled dexterity without compromising on durability making it perfect for use in the automotive industry, engineering, building and construction or aerospace industries.
- S-Ecure Grip Technology™ : STRONG GRIP- Special coating treatment that minimizes the force required to grip dry and oily tools or materials relieving hand strength caused by poor grip. Provides excellent dexterity and flexibility.
- Sanitized -The anti-bacterial effect of the Sanitized® process deprives bacteria of a nourishing environment, thereby preventing their formation and development. The Sanitized® treatment is effective against bacteria, fungi, rust, stains and algae by preventing these micro-organisms from having a chance to start growing.
- Dermatest Label certified - Every day, our skin comes into contact with all kinds of substances and liquids that can irritate or attack it.

The Dermatest® label guarantees maximum effectiveness and excellent skin tolerance so you can use our gloves in complete safety.
