Hand Wash

Albatros®

Gravity CTX MID S7 FO SR Steel Toe COA.TEX-Membrane, Slip Resistant, Water Resistant, Safety Shoes

- **FLEXIBLE TPU OUTSOLE** - The depth of the sole profile improves the flexibility as well as the ground contact and has optimal liquid displacing properties. The high quality TPU is non-marking and resistant against abrasion.
- **CUSHIONING MIDSOLE** - A soft and light PU midsole optimally cushions the high impacts when walking.
- **UPPER** - Perfect for outdoor use - high-quality upper materials perfectly crafted with skilled workmanship offer superior comfort and guarantee an everlasting wearing pleasure.
- **comfit® AIR FOOTBED** - The newly developed, breathable ALBATROS® comfit® AIR footbed has elevations in the heel and ball area of the foot as well as a support of the longitudinal arch. This helps the foot keeping its natural position in the shoe and stimulates the musculature while walking. The slip-resistant textile cover is odour-resistant, moisture absorbing and washable at 30°C.
