

Albatros®

Terano Grey CTX MID COA.TEX-Membrane, Boots

- **SOLE** - Flexible, grip and profiled rubber outsole with cushioning EVA midsole, slip and step resistant on every trail.
- **UPPER** - The brushed surface of the suede has a pleasant warm touch and a fine structure. The material makes this shoe more breathable and durable.
- **COA.TEX® MEMBRANE** - The durable, water resistant and windproof high-tech membrane is particularly breathable and protects the foot from waterlogging through a microporous fabric structure. The membrane transports sweat and moisture to the outside. What remains is a pleasantly dry and comfortable foot feeling.
