Miller® StretchStop®

Web Lanyard, with SofStop® Energy Absorber, Single-Leg, Snap Hook and Large Rebar Hook Connections

- StretchStop® technology features a tubular stretch design, which allows for enhanced flexibility and reduced bulk
- SofStop energy absorber minimizes fall forces, ensuring user safety during a fall event
- Designed with one leg, it provides effective protection while reducing the complexity of connections
- Equipped with a durable snap hook for quick and secure attachment to harnesses, facilitating ease of use
- The anchorage connection includes a large rebar hook that ensures secure attachment to various anchorage points
- Ideal for a wide range of applications, providing ample safety distance without excessive length
- Supports users from 120 lbs to 335 lbs
