MaxiCut® Ultra™

Engineering fiber anti-cutting arm

- High-performance engineered yarns and other fibers not only improve cutting protection, but also provide additional comfort
- Meets the European standard of EN388 medium cutting grade 5
- Comply with environmental textile association (oeko-tex 100) skin friendly material certification
- Comfortable and fitted, can be worn comfortably on clothes or directly on the arm
- Good washability can be washed in soap and water and can be dry cleaned
- It retains its shape and elasticity even after repeated washing
