

Albatros®

Unit Bau MID S3 SRC Composite Toe Slip Resistant, Safety Shoes

- **XTS TREKSTAR OUTSOLE** - The XTS outsole (cross terrain) is absolutely sure-footed. The self-cleaning sole profile with specially arranged and shaped studs adapts perfectly to the ground, ideal especially on unpaved surfaces. The hard-wearing TPU material is non slip (SRC), antistatic and oil and petrol resistant. A shock absorber in the heel area ensures a softer step and protects the joints.
- **CUSHIONING MIDSOLE** - A soft PU midsole optimally cushions the high impacts when walking and combines perfect stability and flexibility.
- **SCUFF CAP** - Abrasion and scratch-resistant cap that protects the shoe from wear and tear, especially when kneeling, and thus extends its lifetime.
- **FAP® - Flexible Anti Perforation** - The flexible anti-perforation midsole made of ceramic-coated fibers, reliably protects the feet completely from penetrating objects.
